Plastic Lab Ware Catalogue

2026 - 27

***Celebrating our Past
Inspiring the Future***

Founded in 1969 in New Delhi, UNIPLAST is a trusted manufacturer of high-quality laboratory and scientific plasticware, proudly serving the scientific, pharmaceutical, and cosmetic industries for over 55 years. Backed by ISO 9001:2008 certification and a team of qualified engineers, we blend deep manufacturing expertise with relentless quality control.

With advanced in-house capabilities for injection and blow molding, we craft a wide array of labware using premium-grade polymers. From microcentrifuge tubes and inoculation loops to amber bottles, desiccators, and specimen jars, every product reflects our commitment to precision, durability, and elegant design.

Our infrastructure includes clean room environments, modern tooling systems, and a robust knowledge base—enabling us to deliver custom solutions in varied sizes, designs, and colors. UNIPLAST products are distinguished by consistent branding, ergonomic shapes, and crystal-clear calibrations that support scientific accuracy and visual clarity.

We don't just manufacture — we empower innovation. This catalog reflects our diverse product line and commitment to continuous improvement, keeping pace with emerging research and end-user needs.

01 Dropping Bottles

Material: Low Density Polyethylene
Colour: Natural White, Translucent

HSN Code: 39233090

Dropping bottles are used for repeated, consistent, accurate dispensing of reagents, one drop at a time or in a stream.

Code	Capacity	Packing	Price / Piece (₹)	Price/ Pack (₹)
101201	30 ml.	12 Pcs.	14.00	168.00
101202	60 ml.	12 Pcs.	17.00	204.00
101203	125 ml.	12 Pcs	21.00	252.00

02 Dropping Bottle with Tip Cap (Euro Design)

Material: Low Density Polyethylene
Colour: Natural White, Translucent

HSN Code: 39233090

Dropper bottles are transparent with an extra-long, fine dropping tip for accurate dispensing.

Code	Capacity	Packing	Price / Piece (₹)	Price/ Pack (₹)
101305	30 ml.	12 Pcs.	15.00	180.00
101306	60 ml.	12 Pcs.	18.00	216.00
101307	125 ml.	12 Pcs.	22.00	264.00
101308	250 ml.	12 Pcs.	35.00	420.00
101309	500 ml.	12 Pcs.	44.00	528.00

03 Wash Bottles

Material: Low Density Polyethylene with PP Closure
Colour: Natural White, Translucent (*Closures available in multi colour*)

HSN Code: 39233090

These bottles are translucent and flexible yet unbreakable. Solutions can be dispensed easily by lightly squeezing the bottle, used to rinse various laboratory wares. Wash bottles are sealed with a screw-top lid. The flexible polyethylene delivery tube can be directed as appropriate.

Code	Capacity	Packing	Price / Piece (₹)	Price/ Pack (₹)
101401	125 ml.	12 Pcs.	24.00	288.00
101402	250 ml.	12 Pcs.	33.00	396.00
101403	500 ml.	12 Pcs.	43.00	516.00
101404	1000 ml.	06 Pcs.	74.00	444.00

04 Wash Bottles with Side Dispenser (New Type)

Material: Low Density Polyethylene with PP Closure
Colour: Natural White, Translucent (*Closures available in multi colour*)

HSN Code: 39233090

These translucent bottles ensure a leak-proof design and feature a wide mouth for easy filling. They are flexible yet unbreakable. The standout feature is the built-in delivery tube, making it a one-piece wash bottle. Ideal for general-purpose solutions such as water, soap, dilute acids, and dilute bases.

Code	Capacity	Packing	Price / Piece (₹)	Price/ Pack (₹)
101501	125 ml.	12 Pcs.	33.00	396.00
101502	250 ml.	12 Pcs.	51.00	612.00
101503	500 ml.	12 Pcs.	66.00	792.00

05

05 Wash Bottle-Vent Cap-Wide Neck (LDPE Bottle / PP closure)
Material: Low Density Polyethylene with PP Closure

HSN Code: 39233090

Colour: Natural White, Translucent (*Closures available in multi colour*)

These self-venting bottles moulded in LDPE are Soft and easy to squeeze. “Plain without label” / “No Imprinting” can be used universally as per chemical needs. Feature graduated markings for easy measurement. The closure and stem are moulded in one piece, ensuring a secure, leak-proof seal. The tip can be cut back to increase flow.

Code	Capacity	Description	Packing	Price / Piece (₹)
101705	500 ml.	Plain Bottle with Plain Closure	06 Pcs.	210.00
101705C	500 ml.	Plain Bottle with Coloured Closure	06 Pcs.	230.00
101805	1000 ml.	Plain Bottle with Plain Closure	06 Pcs.	240.00

06

06 Wash Bottle -Vent Cap-Narrow Neck (LDPE Bottle / PP closure)
Material: Low Density Polyethylene with PP Closure

HSN Code: 39233090

Colour: Natural White, Translucent (*Closures available in multi colour*)

These self-venting Bottles are “Plain- without label” / “No Imprinting” and can be used universally as per the chemical needs of the lab. The Closures are also available in different colours The closure and stem are moulded in one piece for a secure leak proof seal.

Code	Capacity	Description	Packing	Price / Piece (₹)
101605	250 ml.	Plain Bottle with Plain Closure	06 Pcs.	170.00
101605C	250 ml.	Plain Bottle with Coloured Closure	06 Pcs.	190.00
101905	500 ml.	Plain Bottle with Plain Closure	06 Pcs.	200.00

SV1016	Spare cap	NM Screw/ Stem/Draw Tube	01 Pcs.	190.00

07

07 Wash Bottle -Vent Cap-Autoclavable-Wide Neck - (PP)
Material: Polypropylene with PP Closure

HSN Code: 39233090

Colour: Natural White, Translucent (*Closures available in multi colour*)

Bottle is moulded in Polypropylene Specifically designed to be Soft, squeezable and suitable for repeated autoclaving for pharma, micro lab. The closure and stem are moulded in one piece, ensuring a secure, leak-proof seal The dispensing tip can be cut back to increase flow. Ideal for general-purpose solutions like saline and buffers that may require autoclaving.

Code	Capacity	Description	Packing	Price / Piece (₹)
101707	500 ml.	Plain Bottle with Plain Closure	06 Pcs.	210.00

09 Wash Bottle-Safety Labelled-Vent Cap-Wide Neck LDPE

Material: Low Density Polyethylene with PP Closure

HSN Code: 39233090

Colour: Natural White, Translucent (Closures available in multi colour)

Each self-venting bottle is designed with a one-piece moulded closure, stem & draw tube, ensuring a secure, leak-proof seal. A colour bar matching the closure helps prevent cross-contamination. These non-metallic, self-venting wash bottles are clearly labelled with chemical name, formula, & CAS no.

35 2 Ltr. Round Jerry Can- Straight Side Handle

Material: High Density Polyethylene with PP Closure

HSN Code: 39233090

Colour: Natural White, Translucent

This narrow-mouth chemical jerry can is precision-moulded from high-grade polymer for secure storage, dispensing, and transport of reagents and industrial liquids. Its straight side handle ensures ergonomic handling, while the narrow neck supports controlled pouring and reduced evaporation. A leak-proof screw cap enhances sealing integrity. Available in amber and white, it is ideal for laboratory, diagnostic, and chemical packaging applications.

36 3 Ltr/500 ml -Oval Jerry Can-Integrated Side Handle

Material: High Density Polypropylene with PP Cap

HSN Code: 39233090

Colour: Natural, Transparent

This cylindrical HDPE jerry can is engineered for industrial-grade liquid storage & dispensing, featuring a rounded base & top for enhanced stability & stack ability. Its ergonomically moulded side handle ensures secure grip & controlled pouring, while the precision-threaded screw cap—typically ribbed for improved torque—provides a leak-resistant seal. Designed with large, flat label panels, the container supports clear product identification, hazard marking, & branding integration, making it ideal for chemicals, detergents, oils, & other regulated formulations across laboratory & commercial environments.

46 PET / PETG Serum Cell Culture Media Square Bottle

Material: Polypropylene (P.P.) with Push cap

HSN Code: 39231090

Colour: White

Save the cost of cleaning, sterilization and validation compared to reusable bottles by using Uniplast PETG bottles, which are ideal for prolonged storage of pH-sensitive liquids such as culture media. All PET / PET-G bottles are certified sterile, ready to use and gamma-irradiated

Non-Sterile

47 Measuring Cylinder (Hex Base)

Material: Polypropylene with PP Closure

HSN Code: 39269099

Colour: Natural, Transparent

These moulded graduations provide precise and easy-to-read measurements. Designed to withstand temperatures up to 60°C without permanent deformation, the stable base prevents tipping. Perfect for measuring and mixing liquids, solutions, and reagents in laboratory environments.

47

48 Measuring Cylinder (Round Base)

Material: Polypropylene with PP Closure

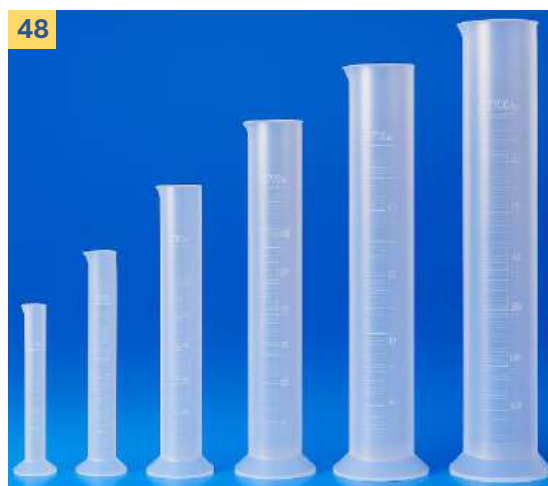

HSN Code: 39269099

Colour: Natural, Transparent

These clear, graduated Polypropylene Cylinders feature a round base for increased stability. They can endure temperatures up to 60°C without exceeding tolerance limits permanently. The fine graduations provide easy visibility, making them perfect for measuring, mixing solutions & reagents in laboratory.

54

54 Rain Gauge Collector with Cylinder

Material: Polystyrene (P.S) and Polypropylene (P.P.)
Colour: Natural, Transparent

HSN Code: 39269099

These translucent outer body ensure a leak-proof tipping container featuring a wide mouth for easy collection of Rain Water. A cylinder moulded with Polystyrene is placed inside the container to measure the Rain Water.

Code	Capacity	Material	Packing	Price / Piece (₹)	Price/ Pack (₹)
114503	200 mL.	P.S./P.P.	01 Pcs.	240.00	240.00

55 Retort Stand (Burette Stand)

Material: Polystyrene & Polypropylene
Colour: White

HSN Code: 39269099

Non-Corrosive Retort Stand are designed to hold various clamps & rings that can secure flasks, test tubes, burettes & other laboratory wares. The vertical Rod measures 12.5 mm x 750 mm, attached to a sturdy, heavy base ensuring stability.

Code	Description	Packing	Price / Piece (₹)	Price/ Pack (₹)

S125404	Spare Rod for Retort	01 Pcs.	175.00	175.00

56 Burette

Material: Polymethyl Methacrylate / PMP
Colour: Natural, Transparent

HSN Code: 39269099

These burettes are designed for accurate and repeatable measurements, ideal for various laboratory applications. Each Burette is individually calibrated. Unaffected by dilute mineral acids and bases except for HF and NH₄OH. Not designed for alcohol and organic solvents. excellent for general use, schools, and industrial labs.

Code	Capacity	Packing	Price / Piece (₹)	Price/ Pack (₹)

--------	--------	--------	------	-------

57 Burette Clamp (Single/Double)

Material: Polypropylene
Colour: White

HSN Code: 39269099

Non-corroding clamps hold burettes firmly in place. Tapered Wedges can firmly hold the Rods having diameter 1/2" or 3/8".

Code	Description	Packing	Price / Piece (₹)	Price/ Pack (₹)
124501	Single	12 Pcs.	54.00	648.00
124502	Double	12 Pcs.	107.00	1284.00

58 Burette Holder (with adjustable screw bolt)

Material: Polypropylene
Colour: White

HSN Code: 39269099

Designed for lateral mounting for excellent readability. Works well with varied diameters Rods and Burettes as well.

Code	Description	Packing	Price / Piece (₹)	Price/ Pack (₹)
124503	With adjustable Screw Bolt	06 Pcs.	75.00	450.00

59 Funnel Holder

Material: Polypropylene
Colour: White

64 Partitioned Petri Dish 90 × 15 mm (Disposable) (Aseptic/Sterilized)

Material: Polystyrene (P.S)

HSN Code: 39269099

Colour: Natural, Clear

MOQ for Partitioned Petri Dish: 10000 Nos

Uniplast Disposable Partitioned Petri Plates are available in two or three compartments for parallel testing with ample colony growth area. Each Petri Dish is individually packed, sterilized by irradiation or EO, packed in linear-tear medical bags. Widely used in antibiotic sensitivity assays (control + two test zones) and ideal for comparing multiple strains or media types in a single dish. These Petri Dishes are made to order.

68

68 Petri Dish Stand *(Suitable for 90 mm Petri Plates)*
Material: Polymethyl Methacrylate (PMMA)

HSN Code: 39269099

Colour: Clear, Transparent

Efficiently designed for laboratory convenience, this transparent acrylic rack securely accommodates both glass and plastic petri dishes. Its dual vertical compartments ensure organized storage and safe transport, minimizing the risk of contamination or breakage. The clear construction allows unobstructed visibility, enabling easy culture monitoring during incubation without disturbing the setup. Ideal for microbiology labs, research facilities, and diagnostic environments. Non Autoclavable. Dimensions 252 x 105 x 206 mm (L x W x H mm)

76

76 Slide Box (Transparent)

Material: Polypropylene (P.P.)

Colour: Transparent

HSN Code: 39231090

These transparent Slide Boxes are designed with hinged lid and are suitable to hold 1"x 3" slides. The heavy walls of the boxes ensure that they do not warp, splinter, or crack. The base of the box has numbered index for easy identification. Widely used in laboratories, pathology departments and educational institutions.

77

77 Slide Box (Detachable)

Material: Polystyrene (P.S.)

Colour: Black or Grey

HSN Code: 39231090

These Slide boxes made from Polystyrene are designed with removable lid. They are built to be durable, compact, and resistant to humidity. Indexed slots/grooves to keep 1" x 3" sized slides securely in place, and come with a numbered index for easy identification.

Code	Capacity	Packing	Price / Piece (₹)	Price/ Pack (₹)

79 Urine Pot (Male and Female)- 1000 ml

Material: Polypropylene (P.P) or High-Density Polyethylene (HDPE)

Colour: Natural, Transparent or White

HSN Code: 39233090

Male and Female Polypropylene Autoclavable Urine Pot 1000 ml. Another option of White colour pot is also available made of HDPE. Easy fit removable lid for hygiene and odourless use, easy carry handle, can be stored in standing or lying position, portable design, graduated markings individually packed.

79

80 Sputum Specimen Container

Material: Polypropylene (P.P)

HSN Code: 90181100 (12% Tax)

Colour: Natural, Transparent

MOQ: 5000 Nos (Bulk) / 10,000 Nos (ETO-Individual)

Uniplast Sputum Specimen Container features a leak-resistant screw cap, integrated collection spoon, and labelling area for sample ID. Offered individually wrapped ETO Sterilized or in bulk packs of 100 nos.

Code	Capacity	Description	MOQ	Price/Pcs (₹)	Price/Pack (₹)

85

85 PCR Plate Semi Skirted - PP

Material: Polypropylene (P.P.)

HSN Code: 39172200

Colour: Clear

The PCT Tube Semi-Skirted, made of premium polypropylene (PP), offers superior rigidity and ease of handling with its semi-skirted design. Featuring ultra-thin, uniform walls for rapid heat transfer, it ensures consistent thermal cycling and compatibility with most 96-well thermal cyclers. Each well provides a 0.2 mL working volume, with clear bottoms for sample visibility and alphanumeric coding for organized tracking. Certified RNase, DNase, and Endotoxin-free on a batch basis, the tube remains stable from -20°C to +100°C and withstands centrifugation up to 6,000 RCF.

Code	Capacity	Particulars	Packing	Price / Piece (₹)	Price / Pack (₹)
167461	0.2 ml	96 Wells	25 Pcs.	250.00	6250.00

94 Centrifugal Bottles with Sealing Closures

Material: Polypropylene (P.P.)

HSN Code: 39231090

Colour: Natural, Transparent

MOQ: 1000 Nos for Sterile Pack

Engineered from rigid polypropylene copolymer, this translucent bottle features a leakproof polypropylene cap with gasket for secure sealing at high speeds & during hazardous sample processing. Ideal for low- to moderate-speed centrifugation in biological & chemical workflows, including DNA isolation, cell culture harvesting, protein purification, & sample storage. Offers excellent mechanical strength & clarity. For optimal performance, fill to at least 80% capacity.

95 Large capacity centrifugal Tubes conical bottom

Material: Polypropylene (P.P.) with HDPE Closures

HSN Code: 39231090

Colour: Natural, Transparent

MOQ: 1000 Nos for Sterile Pack

Uniplast 250ml and 500ml centrifuge tubes are designed to process large volumes of samples simultaneously. With their high capacity and reliable performance, these tubes are ideal for the separation and harvesting of different type of cells, like bacteria, yeast, and tissue samples as well. Can be centrifuged up to an RCF of 6000 x g. Available in ETO or Gamma Sterilized Bulk packaging.

99 Test Tube Stand (3 Tier) Clear with white Base

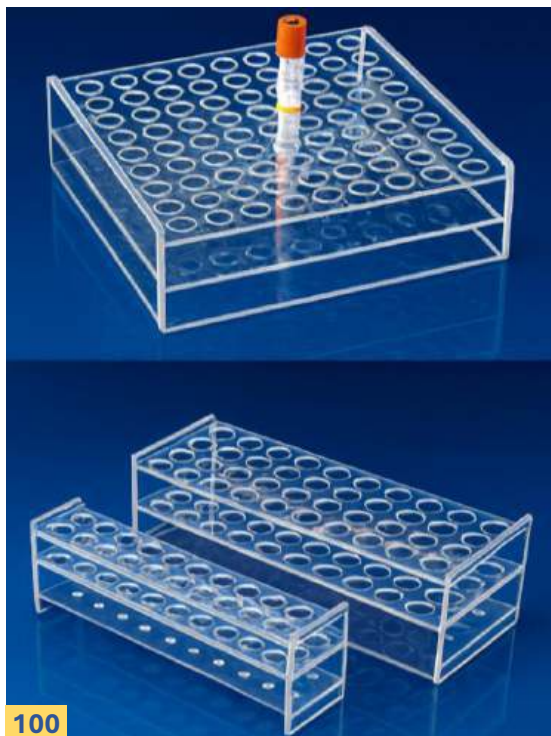

Material: Styrene and Methyl Methacrylate

HSN Code: 39269099

Colour: Clear and White

Durable, autoclavable design with clear tube visibility and smooth handling. Withstands sub-freezing temperatures. Available for 10–13 mm, 13–16 mm, 18–20 mm, and 25–32 mm tubes.

101 Micro Tube Rack (to hold MCT, RIA & Centrifugal tubes)

Material: Polypropylene (P.P.)

HSN Code: 39269099

Colour: White

These autoclavable racks feature:

- 6 pegs designed to hold 12 mm diameter tubes suitable for "RIA vials, Cryo Vial"
- 2 pegs suitable for 20 mm diameter "Storage Vials, Centrifugal Tubes or Test Tubes".

Code	Particulars	Packing	Price / Piece (₹)	Price / Packs (₹)

101

102 Test Tube Stand

Material: Polypropylene (P.P.)

HSN Code: 39269099

Colour: White & Blue

These Test Tube stands moulded in polypropylene are designed to securely hold 6 test tubes (2 of 25 mm diameter and 4 of 16 mm diameter). Autoclavable, includes 6 vertical pins for drying tubes, and has corresponding hemispherical wells at the base. These Lab Test Tube stands are offered in White and Blue Colour.

102

103 Round Test Tube Stand

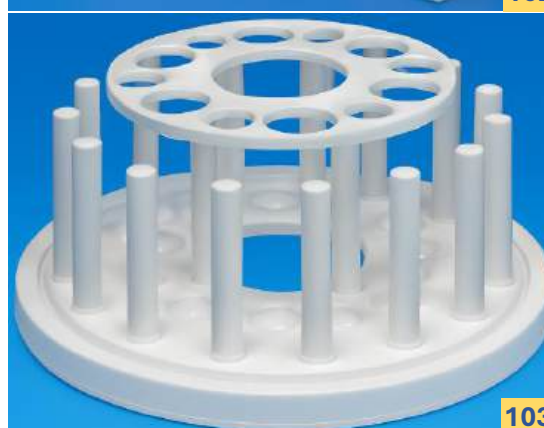

Material: Polypropylene (P.P.)

HSN Code: 39269099

Colour: White

These Polypropylene stands are designed to securely hold test tubes and are ideal for laboratory use. Holds 12 tubes (4 of 25mm diameter and 8 of 19 mm diameter). Space-saving, autoclavable, easy to disassemble for cleaning, includes 16 vertical pegs for drying test tubes, & a trough to contain drippings.

Code	Description	Packing	Price / Piece (₹)	Price/ Pack (₹)

103

104 Pipette Stand (Vertical)

Material: Polypropylene (P.P.) Autoclavable

HSN Code: 39269099

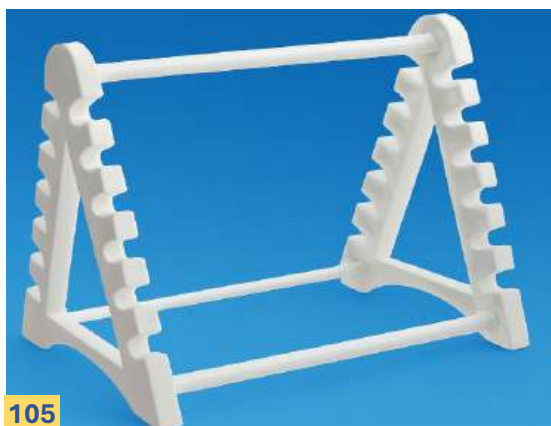

Colour: White

Made of polypropylene, this stand is very stable, non-corrosive and detachable, holding 28 pipettes with a maximum diameter of 14 mm. It features a heavy base (225 /237 mm diameter) and an adjustable polypropylene-coated rod (375 /453 mm length). The top disc has holes for pipette placement, while the lower disc allows liquid drainage.

104

105

105 Pipette Rack (Horizontal)

Material: Polypropylene (P.P.) Autoclavable
Colour: White

HSN Code: 39269099

Made of polypropylene, this stand can hold up to 12 pipettes. It features three rods attaching the two sides firmly with strength. It is autoclavable and available in white colour.

Code	Description	Packing	Price / Piece (₹)	Price/ Pack (₹)
124203	12 Pipettes Placed Horizontally	12 Pc.	135.00	1620.00

106

106 Pipettor Stand (Z Type)

Material: Polymethyl Methacrylate (PMMA)
Colour: Clear, Transparent

HSN Code: 39269099

A self-standing holder that accommodates most major brands of pipettes. It provides a stable and organized storage solution.

Code	Particulars	Packing	Price / Piece (₹)	Price/ Pack (₹)
205271	5 Places	05 Pcs.	460.00	2300.00

108

108 Workstation Storage / Dispenser box

Material: Polymethyl Methacrylate (PMMA)
Colour: White or Clear

HSN Code: 39269099

Uniplast Dispenser Box are Efficient space-saving unit for storing and dispensing Pipette Tips, Microcentrifuge Tubes, Finger Cots, Cotton Swabs, Alcohol Packs, and other small lab essentials.

- Clear acrylic front for easy content visibility
- Optional White acrylic sides and back for clean aesthetics
- Keeps contents organized and dust-free

UNIPLAST Micropipettes are engineered for high-precision liquid handling across life sciences, diagnostics, and analytical workflows. Designed for ergonomic comfort, durability, and universal tip compatibility, they offer smooth operation, minimal maintenance, and consistent accuracy.

Volume Range	0.5 µL to 10,000 µL across multiple models.
Accuracy & Precision	Individually calibrated to DIN 12650 standards.
Tip Compatibility	Universal tip cone fits most standard tips.
Autoclavable	Available in Partially and fully autoclavable options at 121 °C for 15 minutes.
Colour Coding	For easy identification by volume range.
Ergonomics	Lightweight, low-force plunger with soft-touch grip.
Calibration	Quick in-lab calibration with UniCal® technology (industry standard).
Dead Air Minimization	µAir™ technology ensures minimal air compression for precision.

109 Micro Pipette – Single Channel – Fixed Volume

Material: PVDF / ABS, Autoclavable

HSN Code: 39269099

Fixed volume micropipettes are designed for consistent, repeatable dispensing of a set liquid volume. Unlike variable pipettes, they eliminate the risk of incorrect volume adjustment, making them ideal for routine assays, diagnostics, and teaching labs where accuracy and reproducibility are critical. Pre-calibrated to deliver exact set volumes (2 µL – 5000 µL). Fits most internationally accepted standard tips.

109

110 Micro Pipette – Single Channel – Variable Volume

Material: PVDF, ABS, Autoclavable

HSN Code: 39269099

A lightweight, ergonomic micropipette, designed for variable volume pipetting, this micropipette ensures high precision with minimum dead air space and soft plunger movement.

110

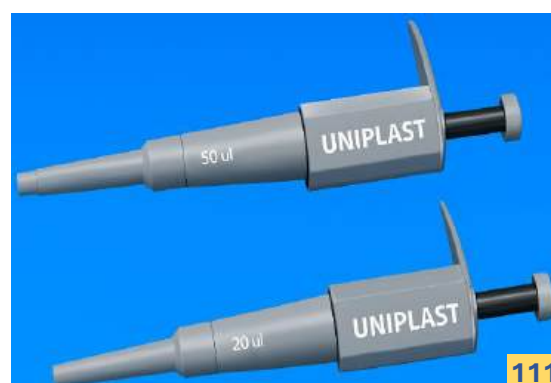

111 Junior Micro Pipette – Fix Volume

Material: PVDF, ABS, Autoclavable

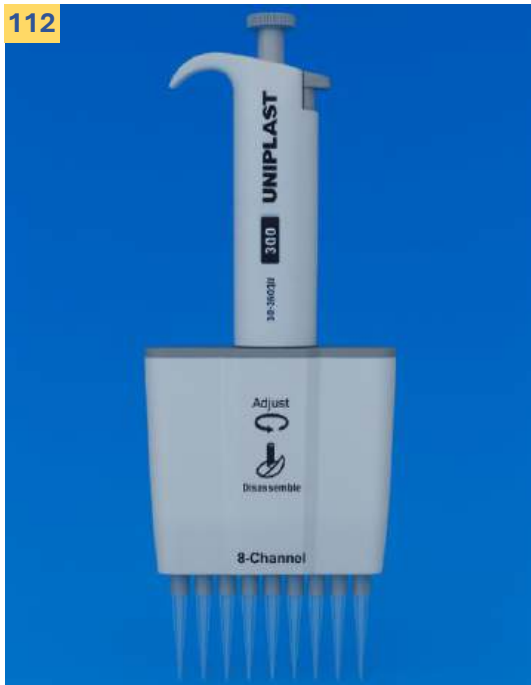

HSN Code: 39269099

The Uniplast Junior Pipette is a compact, fixed-volume air displacement pipette designed for educational labs, training environments, & routine low-volume liquid handling. It offers fatigue-free operation, reverse pipetting capability, & autoclavability—ideal for schools, colleges, and small labs.

Code	Volume Range (µl)	Packing	Price / Piece (₹)	Price/ Pack (₹)

112

112 Micro Pipette – Multi Channel – Variable Volume

Material: PVDF, ABS, Fully Autoclavable

HSN Code: 39269099

These pipettes are designed for high-throughput liquid handling in laboratories, especially for microplate-based assays. They typically come in 8 or 12-channel formats with adjustable volume ranges. Lightweight, contoured grip, low plunger force, high precision, single-handed operation.

Key Features

- Autoclavability: Fully autoclavable at 121 °C, 15 psi for 15 minutes.
- Tip Compatibility: Universal fit or brand-specific tips.
- Ergonomics: Lightweight, contoured grip, low plunger force.
- Display: Analog Volume Indicator

113

113 Bottle Top Dispenser (Precision dispensing for Reagent Bottles)

Material: PTFE (Piston, Valve, Discharge Assembly), Glass (Cylinder)

HSN Code: 39269099

UNIPLAST bottle-top dispensers are engineered for safe, accurate, and repeatable liquid dispensing directly from reagent bottles. Designed for chemical resistance, ergonomic handling, and universal bottle compatibility, they are ideal for analytical labs, diagnostics, life sciences, and pharmaceutical workflows.

Key Features

- Volume Range: 1 mL to 100 mL (model-dependent)
- Dispensing Accuracy: $\pm 0.5\%$ to $\pm 1.0\%$ depending on volume range
- Autoclavability: Fully autoclavable at 121 °C, 15 psi for 15 minutes
- Chemical Compatibility: PTFE piston & glass barrel to resist to acids, solvents, & reagents
- Recirculation Valve: Minimizes reagent loss during priming (select models)
- Telescopic Intake Tube: Adjustable length for compatibility with various bottle sizes
- Nozzle Cap & Safety Lock: Prevents drips and accidental dispensing
- Bottle Compatibility: Supplied with multiple adapters (GL 28, GL 32, GL 38, GL 45)

Applications

- Dispensing acids, alkalis, solvents, and reagents
- Clinical chemistry and pharmaceutical QC
- ELISA, titration, and sample preparation
- Routine lab workflows requiring bottle-mounted precision dispensing.

Supplied With

- Calibration certificate
- Telescopic intake tube
- Nozzle cap and safety lock
- User manual with maintenance instructions

Micro Tips *(Bulk Pack / Racked Pack / Sterile Racked Packed)*

Low Retention Surface	Achieved via molecular-level polymer treatment, ensuring ultra-low friction.
Additive-Free	No coatings or additives—preserves sample purity and minimizes reagent loss.
PCR-Optimized	Ideal for sensitive PCR® and real-time PCR® applications
Certified Clean	Free from detectable DNase, RNase, and Pyrogen.
Compatible	With Eppendorf, Gilson, Rainin, Uniplast Pipettes.

Universal Filter Tips *(Bulk Pack / Sterile Rack Packed)*

Uniplast Filter Tips and Racks deliver high-precision liquid handling for molecular biology, PCR, and clinical diagnostics, offering exceptional purity, universal compatibility, and reliable performance across sensitive workflows.

Material	Virgin polypropylene, autoclavable
Low Retention Surface	Achieved via molecular-level polymer treatment, ensuring ultra-low friction.
Additive-Free	No coatings or additives—preserves sample purity and minimizes reagent loss.
PCR-Optimized	Ideal for sensitive PCR® and real-time PCR® applications
Certified Clean	Free from detectable DNase, RNase, and Pyrogen.
Sterilization	Autoclavable at 121°C, 15 psi
Compatible	Eppendorf®, Gilson®, Rainin®, Uniplast® pipettes
Rack Design	Robust, stackable, with secure lid and snap-fit alignment
Packing Details (Bulk Polybag Packing)	Ultra – Micro Tips (10 µl) – are packed 1000 Pcs per Packet – 140 Packet Qty is packed in – 1 Master Carton Universal Tips (20 µl, 100 µl, 200 µl) are packed – 1000 Pcs per Packet – 50 Packet Qty is packed in – 1 Master Carton Universal Tips (1000 µl) are packed – 500 Pcs per Packet – 30 Packet Qty is packed in – 1 Master Carton
Racked Packing Details	10 µl, 20 µl, 100 µl, 200 µl, 1000 µl are packed 96 Pieces per Rack – 50 Racks – 1 Master Carton.

118 Filter Tips - (universal size) - (In Bulk Polybag Packing)

Material: Polypropylene (P.P.) Autoclavable
Colour: White / Blue / Yellow

HSN Code: 39269099

MOQ: 1 Master Carton (individual size)

Universal Filter Tips in economical bulk polybags, compatible with most standard micropipettes., featuring hydrophobic aerosol-barrier filters for contamination-free pipetting across PCR, molecular biology, and diagnostic workflows.

119 Racked Filter Tips – ETO Sterile Radiation – (universal size)

Material: Polypropylene (P.P.) Autoclavable
Colour: White / Blue / Yellow

HSN Code: 39269099

MOQ: 200 Nos Sterile Racks (individual size)

Racked Filter Tips are precision-moulded, aerosol-blocking pipette tips supplied in sterile racks for contamination-free liquid handling. Each tip features an integrated hydrophobic filter to prevent aerosol carryover, ensuring sample integrity in PCR, molecular biology, and diagnostic workflows. Sterilized by ETO, these racks provide assured sterility, universal pipette compatibility, and consistent, high-accuracy performance.

120 Pipette Pump

Material: Acrylonitrile Butadiene Styrene/ Silicone/PP
Colour: Red / Green /Blue

HSN Code: 39269099

A fast-release pipetting device with a silicon rubber collet for holding various pipettes. It is acid- and alkali-resistant and can be disassembled for cleaning. Provides safe and accurate pipetting with a rotatable thumbwheel for liquid dispensing. Available in 2ml, 10ml, and 25ml variants.

Code	Description	Packing	Price / Piece (₹)	Price/ Pack (₹)
205201	2 ml.	01 Pc.	290.00	290.00
205202	10 ml.	01 Pc.	290.00	290.00
205203	25 ml.	01 Pc.	290.00	290.00

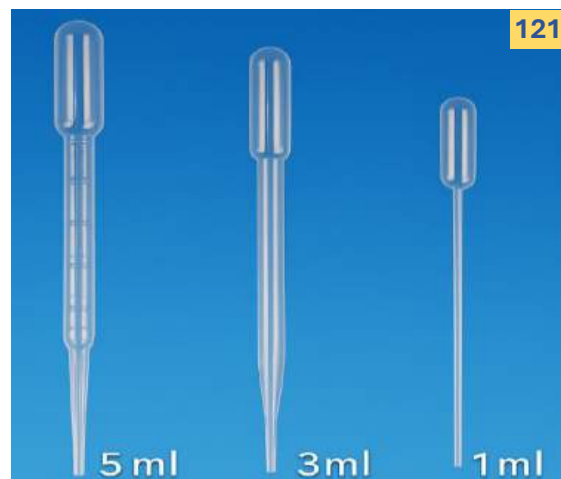

121 Pasture Pipette

Material: Low Density Poly Ethylene (L.D.P.E.)
Colour: Natural

HSN Code: 39269099

Graduated Disposable Pipettes, available from Uniplast. Made from LDPE material, these pipettes are Available in 1 mL, 3 mL, and 5 mL capacities, they are designed for precise liquid handling intended for single-use. Integral bulb design eliminates the need for plugging or autoclaving. Hydrophobic and inert, non-toxic to biological fluids and most acids.

Code	Particulars	Packing	Price / Piece (₹)	Price/ Pack (₹)
205204	1 mL.	500 Pcs.	1.70	850.00
205205	3 mL.	500 Pcs.	1.30	650.00
205206	5 mL.	500 Pcs.	2.50	1250.00

122 ESR Pipettes (Disposable)

Material: Optically clear Polystyrene

HSN Code: 39269099

Uniplast Easy-Rate disposable ESR system allows rapid execution of ESR tests using the Western Green method. These pipettes feature Fiber caps for automated liquid level adjustment and a printed graduated scale from 0 to 180.

Code	Description	Packing	Price / Piece (₹)	Price/ Pack (₹)
205291	ESR Pipettes Disposable – 3 mL	100 Pcs.	5.80	580.00

123 ESR Stand - For 12 Disposable ESR Pipette

Material: Acrylic

HSN Code: 39269099

A durable and convenient pipette holder with 12 precisely spaced holes designed to hold ESR pipettes exactly in a vertical position for accurate testing.

Code	Description	Packing	Price / Piece (₹)	Price/ Pack (₹)
205292	ESR Stand – 12 Pipettes	01 Pcs.	380.00	380.00

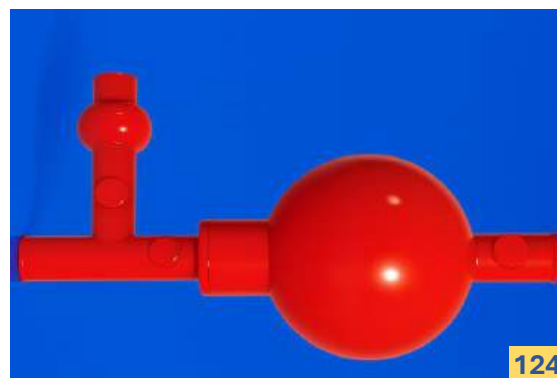

124 Pipette Fillers

Material: Natural Rubber / Silicon Rubber
Colour: Red

HSN Code: 40169990

Bulb-type pipette fillers enable one-handed operation and enhance safety by eliminating mouth pipetting and direct handling of hazardous materials. Compatible with standard-size pipettes, these fillers ensure smooth, reliable fluid handling. Featuring three chemically resistant stainless-steel ball valves, they allow precise control of air evacuation (Valve A), liquid filling (Valve S), and dispensing (Valve E).

Code	Size	Rubber Type	Packing	Price / Piece (₹)	Price/ Pack (₹)

130 Desiccator (Vacuum)

Material: Polypropylene (P.P), Polycarbonate (P.C.)
Colour: White (Base), Clear (Top)

HSN Code: 39269099

These thick-walled vacuum desiccators are crafted from high-quality plastics, making them lightweight & easy to handle. They can maintain a vacuum of 29 inches of mercury for 24 hours without greasing. The three-way PP stopcock features a Teflon key, and its port accommodates a 6.35 mm inner diameter tube for vacuum suction. Ideal for preserving moisture-sensitive products and achieving low humidity levels.

Cubical Desiccators Cabinets

Uniplast's Cubical Desiccators are made in collaboration with from optically clear acrylic, features:

- All Desiccators with two or more cubicles have a built-in divider for added strength. Stackable construction with non-slip feet
- Interchangeable perforated shelves for optimal gas circulation,
- Special "gasket guard system" prevents gaskets from taking a set and causing a leak. closed-cell gasketing that retains its shape.
- Built in hygrometer (Rh) gauge for humidity control.
- All units have "door guards" to prevent warping and possible loss of internal atmosphere.
- Slip-a-part hinges & spring-loaded sealing clamps for uniform tension.
- Each cubicle includes two (2) Nylon gas serrated nipples 1/8" & 1/4" (90° elbows with hose barbs).
- Interior Dimensions of all cubical 23.5" x 23.5" x 11.75" h (596 mm x 596 mm x 298 mm h).
- Interior Volume of each individual cubicle is 3.8 Cu. Ft (107 L)
- All Door Openings are 22.50" x 9.25" h (570 mm x 235 mm h)

134 Multiple Cubicle Desiccators Cabinets with stand

Material: Acrylonitrile Butadiene Styrene/ Silicone/Steel
Colour: Clear / Amber

HSN Code: 39269099

These integrated units offer safer storage than individually stacked desiccators. Mounted on carts with casters, they remain stable during transport. Available in three standard sizes, with custom builds welcome.

Benefits of Desiccator Storage Cabinets

- Clear visibility of contents.
- Stable, unitized construction prevents tip-overs
- Airtight protection for critical components
- Easy mobility with carts and casters
- Cleanroom-ready design

136 Drying Rack with Drain Hole

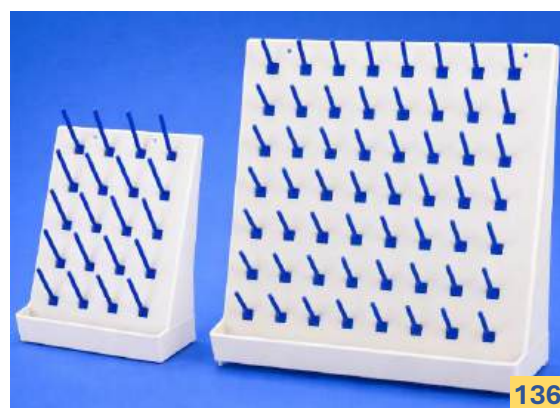

Material: Acrylonitrile Butadiene Styrene / ABS

Colour: White

HSN Code: 39269099

Uniplast laboratory drying rack features 20 / 30 / 56 removable pegs and a detachable trough with a drain hole for efficient water collection and cleaning. Pegs snap in and out easily to accommodate larger labware. The rack's back plate includes screw-nut fittings for secure peg installation. Made from durable, non-corrosive material, it resists rot, stains, and rust. Ideal for post-wash drying of tubes and bottles, with a bottom tray that channels waste water into a container via a drain tube.

139

139 Kipps Apparatus

Material: High Density Polypropylene (H.D.P.E.)

HSN Code: 39269099

Colour: White

Uniplast Kipps apparatus is accurately designed and manufactured to avoid leakage while during the experiment to preparing and storing the hydrogen sulphide. This apparatus consists of three main portions—an upper chamber to hold the liquid reactant (e.g. acid), a middle chamber to contain the solid reactant (e.g. Iron Sulphide), and a lower chamber meant to collect the residual outlet after liquid reacts with solid. Available in 250 mL, 550 mL, and 1000 mL capacities.

Code	Particulars	Packing	Price / Piece (₹)	Price/Pack (₹)
156101	Kipps 250 mL.	01 Pcs.	650.00	650.00
156102	Kipps 500 mL.	01 Pcs.	750.00	750.00
156103	Kipps 1000 mL.	01 Pcs.	800.00	800.00
15606S	Spare Thistle Funnel Set	01 Pcs.	200.00	200.00
15607S	Spare Stop Cock	01 Pcs.	200.00	200.00
15608S	Spare Kipps Bottom Cap	01 Pcs.	40.00	40.00

140

140 Over Flow Jar

Material: Polypropylene (P.P.)

HSN Code: 39269099

Colour: Natural White

Uniplast Over Flow Vessel is designed to fit standard laboratory setups with an overflow spout, useful to measure the displacement of liquids, such as in Archimedes' principal experiments.

Code	Description	Packing	Price / Piece (₹)	Price/ Pack (₹)
113201	Cylindrical Shape	24 Pcs.	36.00	864.00

141

141 Paschal Law Apparatus

Material: Polypropylene (P.P.) / High Density Polyethylene (H.D.P.E.)

HSN Code: 39269099

Colour: Natural Clear with Blue Piston

Uniplast Manufactured Paschal Law apparatus consists of a **spherical Ethylene bulb with multiple holes**, connected to a **50mL plastic syringe** via **flexible rubber tubing**. Pascal law is demonstrated When liquid is pushed through the syringe, it is ejected with equal force from multiple holes in the bulb.

Code	Description	Packing	Price / Piece (₹)	Price/ Pack (₹)
158907	Paschal Law Apparatus	06 Pcs.	250.00	1500.00

142

142 Pneumatic Trough

Material: Polypropylene (P.P.)

HSN Code: 39269099

Colour: Natural, Transparent

These Trough, made of propylene, are autoclavable and can be used for a wide range of purposes including storage, sterilizing, and drying labware.

Code	Description	Packing	Price / Piece (₹)	Price/ Pack (₹)
228007	ø-200 mm x h-100 mm	04 Pcs.	110.00	440.00

143 Leclanché Cell Pot

Material: Polypropylene (P.P.)
Colour: Natural, Transparent

HSN Code: 39269099

This pot is made of Polypropylene, used in educational settings to demonstrate the principles of electrochemistry. Suitable for educational purposes and laboratory experiments

Code	Description	Packing	Price / Piece (₹)	Price/ Pack (₹)
228009	Leclanché Cell Pot	12 Pcs.	60.00	720.00

144 Simple Cell Pot (Battery Jar)

Material: Polypropylene (P.P.)
Colour: Natural, Transparent

HSN Code: 39269099

Simple Cell Pot is used for making simple cells and voltmeters etc. This pot has very good contact clarity and excellent chemical resistance. Being in Polypropylene, this pot is much chemical resistant and durable than the one used conventionally.

Code	Description	Packing	Price / Piece (₹)	Price/ Pack (₹)
228008	Simple Cell Pot	12 Pcs.	58.00	696.00

145 Siphon Automatic Apparatus

Material: Nylon/ L.D.P.E. Bulb / Polypropylene (P.P.)
Colour: White

HSN Code: 39269099

This Siphon is leaking proof, comes with stop cock used to transfer/ control liquids. Acid and Alkaline Proof.

Code	Description	Packing	Price / Piece (₹)	Price/ Pack (₹)
158908	Siphon Apparatus	06 Pcs.	250.00	1500.00

146

146 T - Type Tubing Connectors

Material: Polypropylene (P.P.)

HSN Code: 39269099

Colour: Natural

Uniplast made Autoclavable T Tubing connectors have multiple barbs per arm providing additional contact between the fitting and tubing ensures a tight, secure connection between lengths of tubing having the same inner diameter (I.D.). Chemical-resistant polypropylene for use with a wide range of liquids or gases.

Code	OD Size (mm.)	ID Size (inch)	Packing	Price/ Pcs. (₹)	Price/ Pack (₹)
227101	T - 6.4 mm.	1/4"	100 Pcs.	12.00	1200.00
227102	T - 8.0 mm.	5/16"	100 Pcs.	14.00	1400.00
227103	T - 9.5 mm.	3/8"	100 Pcs.	18.00	1800.00

147

147 L - Type Tubing Connectors

Material: Polypropylene (P.P.)

HSN Code: 39269099

Colour: Natural

Polypropylene Resin. Autoclavable. Connectors have multiple barbs per arm providing additional contact between the fitting and the tubing for extra gripping power.

Code	OD Size (mm.)	ID Size (inch)	Packing	Price/ Pcs. (₹)	Price/ Pack (₹)
227106	L - 6.4 mm.	1/4"	100 Pcs.	8.00	800.00
227107	L - 8.0 mm.	5/16"	100 Pcs.	10.00	1000.00
227108	L - 9.5 mm.	3/8"	100 Pcs.	15.00	1500.00

148

148 Y - Type Tubing Connectors

Material: Polypropylene (P.P.)

HSN Code: 39269099

Colour: Natural

Uniplast Y Tubing connectors are Autoclavable. Ensures a tight, secure connection between lengths of tubing having the same inner diameter (I.D.). Maximize liquid flow with non-tapered hose barbed Y-Type Connectors, moulded of polypropylene resin.

Code	OD Size (mm.)	ID Size (inch)	Packing	Price/ Pcs. (₹)	Price/ Pack (₹)
227111	Y - 6.4 mm.	1/4"	100 Pcs.	12.00	1200.00
227112	Y - 8.0 mm.	5/16"	100 Pcs.	14.00	1400.00
227113	Y - 9.5 mm.	3/8"	100 Pcs.	18.00	1800.00

149

149 Cross - Type Tubing Connectors

Material: Polypropylene (P.P.)

HSN Code: 39269099

Colour: Natural

Uniplast made Autoclavable Cross (four way) Tubing connectors have multiple barbs per arm providing additional contact between the fitting and tubing ensures a tight, secure connection between lengths of tubing having the same inner diameter (I.D.).

Code	OD Size (mm.)	ID Size (inch)	Packing	Price/ Pcs. (₹)	Price/ Pack (₹)
227116	+ - 6.4 mm.	1/4"	100 Pcs.	13.00	1300.00
227117	+ - 8.0 mm.	5/16"	100 Pcs.	15.00	1500.00
227118	+ - 9.5 mm.	3/8"	100 Pcs.	20.00	2000.00

150 Crystal Model Set

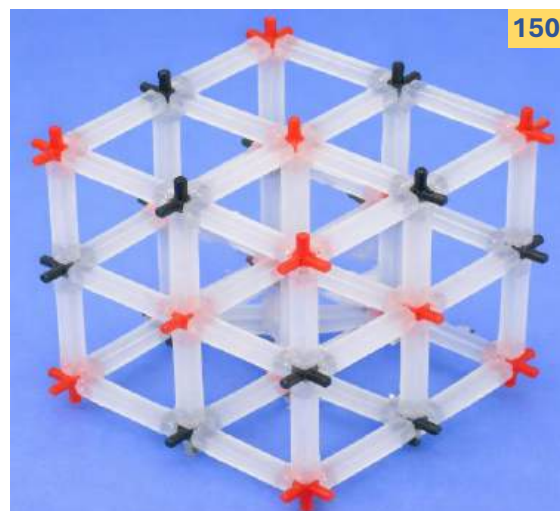

Material: Polypropylene

HSN Code: 90230010

Model kits for assembling various crystals lattices, which are in skeletal form. The lattices represent classic structures & have been built to a large enough size so that their different faces can be seen. Picture set is meant for Sodium Chloride.

Diamond Set	Sodium Chloride Set	Graphite Set
Black Jacks: 57	Red Jacks: 14	Red Jacks: 12
Connectors: 84	Black Jacks: 13	Black Jacks: 45
	Connectors: 54	Connectors: 69, Long Black Connectors: 8

Code	Description	Packing	Price / Piece (₹)	Price/ Pack (₹)

150

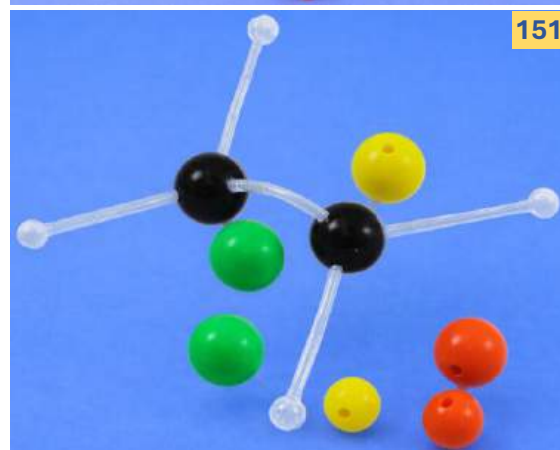

151 Atomic Model Set

Material: Polypropylene (P.P.)

HSN Code: 90230010

Uniplast offers atomic model in three variants Junior, Medium and Senior Set models. Junior set comes with 60 balls; Medium Set comes with 120 Balls and senior set comes with 360 Balls.

Code	Description	Packing	Price / Piece (₹)	Price/ Pack (₹)
158701	60 Balls Junior Set	01 Pcs.	250.00	250.00
158702	120 Balls Medium Set	01 Pcs.	350.00	350.00
158703	360 Balls Senior Set	01 Pcs.	920.00	920.00

151

152 Swab Stick

Material: Polypropylene (P.P.) Tube with Wooden Stick

HSN Code: 39262021/ 39262010

Colour: White

MOQ: 10000 Nos (Bulk) / 20,000 Nos (ETO- Individual)

Disposable Swab Sticks (Pack of 10) 6"inch Natural Eco-friendly Cotton Swab with Sterilized Sticks in Tubes. Cotton swabs designed with pure healthy cotton and durable cotton head.

Code	Capacity	Sterile	Packing	Price / Pcs. (₹)	Price/ Pack (₹)
167418	Swab Stick - 6"	Non-Sterile	100 Pcs.	6.75	675.00
